4+ Years Experience 200+ Live Stores Built 200+ Happy Clients ,000+ Revenue Generated 17 Digital Services Offered

PROFESSIONAL SUMMARY

Entrepreneur and production-focused web developer with 4+ years building e-commerce platforms, premium theme stores, and full-stack digital solutions for brands in Bangladesh and internationally. Founder and owner of Bubu & Dudu BD. Specialized in deploying high-converting single-niche brand stores and scalable multi-niche themes — combining React engineering, Firebase infrastructure, SEO, paid ads, and AI automation to deliver business-ready products, not demos.

CORE COMPETENCIES

Frontend — HTML, CSS, JavaScript, React, Next.js, Tailwind, PWA | **Backend** — Node.js, Firebase, REST APIs | **E-Commerce** — Store Architecture, Checkout, Stripe | **Marketing** — SEO, Google Ads, Meta Ads | **Automation** — AI Workflows | **Engineering** — Python, PyQt6, MATLAB, SolidWorks, ANSYS
